Digital Island Ltd 05/18

### Who we are

At Digital Island, we are committed to maintaining the trust and confidence of our visitors to our web site. In particular, we want you to know that Digital Island is not in the business of selling, renting or trading email lists with other companies and businesses for marketing purposes. We just don't do that sort of thing. But just in case you don't believe us, in this Privacy Policy, we've provided lots of detailed information on when and why we collect your personal information, how we use it, the limited conditions under which we may disclose it to others and how we keep it secure. Grab a cuppa and read on.

### Types of data we collect

When someone visits [www.Digital-island.co.uk](http://www.Digital-island.co.uk) we use a third party service, Google Analytics, to collect standard internet log information and details of visitor behaviour patterns. We do this to find out things such as the number of visitors to the various parts of the site. This information is only processed in a way which does not identify anyone. We do not make, and do not allow Google to make, any attempt to find out the identities of those visiting our website.

### Third Parties

Digital Island does not share any data with any third parties.

### Access to you personal information

You are entitled to view, amend, or delete the personal information that we hold. Email your request to our data protection officer Damian at [Damian@digital-island.co.uk](mailto:Damian@digital-island.co.uk)
